OpenGov =  
TRANSFORMATIVE

INNOVATION

PARTICIPATION

# Participatory Governance

**A more responsive and citizen-focused government:** It's about making a full "read/write" society, not just about knowing what is happening in the governance process but being able to contribute to it' (Open Knowledge Foundation OKF 2009)

# PDAF or 'Pork Barrel'

# The Power of Information: Public Expenditure Tracking

- Uganda, 1995 for every dollar spent by the central government on non-wage education items, only 20 cents actually reached schools
- Other spheres of governments captured the rest.
- Only 13% of student capitation grants made it to Uganda Primary Schools in 1991-95.
- Then: budgets pinned on the door of the school.
- Information campaign for parents to understand and monitor the programme.
- Reduced capture by interests from 80% in 1995 to 20% in 2001.

# The Power of Vested Interests: Public Indian Health Care

- “Putting Band-Aid on a Corpse” (Banerjee, Duflo and Glennester MIT).
- Indian Health System Plagued by High Staff Absence
- Experiment of government nurses in government public health facilities recorded by NGO.
- Government punished the worst delinquents – Monitoring System Effective!
- Local health administrators undermined the program: increased “exempt days” for nurses
- The program became completely ineffective.

# Fix My Street

The screenshot displays the Fix My Street website interface. At the top, the logo "FixMyStreet" is on the left, and navigation links "Report a problem", "Your reports", "All reports", "Local alerts", and "Help" are in the center. On the right, there are links for "mysociety", "DONATE", and "OUR SITES".

The main content area features a map of Brighton with numerous yellow location pins. A green button with a white arrow says "CLICK MAP TO REPORT A PROBLEM". Below this, a link says "Can't see the map? [Skip this step](#)".

There are two tabs: "PROBLEMS ON THE MAP" (selected) and "PROBLEMS NEARBY". The list of problems includes:

- More flytipping in Brills Lane  
16:04, 9 May 2012
- Flytipping  
16:08, 22 Apr 2012
- Drunk & disorderly anti-social neighbours  
16:36, 20 Apr 2012
- Fly Posters  
11:06, 17 Apr 2012 (closed)

A tooltip over a pin on the map reads: "All street lanterns still out" with a red 'x' icon and a link for "More details". The map also shows labels for "Brighton Station", "Brighton Centre", "Royal Pavilion", "West Pier (disused)", "Mean High Water", and "Mean Low Water".

# An Enabling Environment for Feedback

- **Trust: People need to believe their voices will count**
  - Daraja, an initiative that encouraged citizens to SMS non-functional water points in Njombe, Tanzania, had a very low uptake: out of 829 messages received in the extended pilot phase, only 183 met the criteria to be forwarded to the District Water Engineer, and just 38 came from the piloted area. Clearly, the core idea failed to take hold, and the project was discontinued.
- **Capacity**
  - Kathmandu, Nepal: Hello Sarkar (hello government), also known as the 24 hour-control room, received a total of 6,000 complaints over a period of one and half months, key ministries simply could not cope and therefore largely ignored the public complaints lodged through Hello Sarkar.
- **Awareness**
  - Huduma, Kenya. “Fix My Community”. An excellent initiative, a well designed app but that had not been used by much more than 500 people, despite over US\$ 1 Million in investment (!).

# Philippines Open Government

- **Open Government Initiatives**
- **Many initiatives, ready to converge...**
- **Open Government Roadmap:**
  - Single Access Window for Data (data.gov.ph) and suite of digital accountability platforms (geo-mapping and crowdsourcing) for October 2013.
  - Convergence of diverse and group of actors, processes and technologies.
  - Policy Framework for Open Government
  - Official launch OGP Summit in London and PICC in Manila by the President.

The screenshot shows the data.gov.ph website interface. At the top, there is a navigation menu with links for ABOUT, NEWS, DATA, INFOGRAPHICS, APPS, COMMUNITY, and CONTACT. Below the menu is a yellow header with the data.gov.ph logo and a LOGIN button. The main content area features a large image of children in school uniforms, with a headline: "OPEN DATA CHARTER AND GLOBAL OPEN DATA INITIATIVE LAUNCHED". Below the headline is a sub-headline: "SUBMITTED BY JACK MANDREY ON JUN 27, 2013" and a paragraph: "The global drive to open government data has moved forward in the last month with the significant launches of both an Open Data Charter and the Global Open Data Initiative (GODI)". To the right of the main content is a search sidebar with a search bar, a dropdown menu for CATEGORY (DEPARTMENT OF PUBLIC WORKS & HIGHWAYS), a dropdown menu for LOCATION, and a dropdown menu for FORMAT. Below the search sidebar is a "FEATURED INFOGRAPHICS" section with three data visualizations: "DATA 01" (a bar chart), "DATA 02" (a line graph), and "DATA 03" (a gauge showing a +9.5% increase). Below the featured infographics is an "ACTIVITIES" section with a video player showing a woman pointing at a screen. To the right of the activities is a "LATEST NEWS" section with a headline: "PELLENTESQUE HABITANT MORBI TRISTIQUE SENECTUS" and a date: "JULY 21, 2013". Below the latest news is a "LATEST DATA" section with a headline: "CIVIL SOCIETY PARTICIPATION IN PUBLIC BIDDING" and a gauge showing an "AVERAGE RESULT" of 94% COMPLIANT.

## INFOGRAPHICS GOVERNMENT BUDGET PERFORMANCE

How well do government departments and agencies use their approved budgets? This dashboard presents data on the financial performance of agencies: how much budgets have been approved and released to them, and how much of these are they able to utilize during a year. This dashboard also presents agencies' compliance to accountability reporting requirements. The data used in this dashboard are from the Statements of Allotments, Obligations and Balances (SAOBs) that agencies must submit quarterly to the Department of Budget and Management (DBM).

### CONGRESS OF THE PHILIPPINES PERFORMANCE RATES

#### LEGEND

**Total Approved Budget (Appropriation)**  
The total approved budget of an agency includes their budget for the current year as well as carry-over budgets from the previous year.

It is an authorization pursuant to law or other legislative enactment directing the payment of goods and services out of government funds under specific conditions or for specified purposes. Government annually prepares and legislates a General Appropriations Act (GAA). There are also automatic appropriations which are covered by special laws and need not be included in the GAA to be authorized.

### CONGRESS OF THE PHILIPPINES ALLOTMENT RELEASE RATE

**Approved vs Released vs Utilized Budget:** This compares the approved budget (Appropriation) of each agency with the budget released to them (Allotment) by the DBM, and with the budget actually used by the agency (Obligation) during the period. Obligations are a good gauge of an agency's budget performance as it indicates the magnitude of programs and projects that it is able to mobilize given its approved budget. The ratio of agency obligations against the budgets released to it (Obligation Rate) is also a good gauge of an agency's capacity to implement programs and projects (Absorptive Capacity).

#### LEGEND

**Total Approved Budget (Appropriation)**  
The total approved budget of an agency includes their budget for the current year as well as carry-over budgets from the previous year.

It is an authorization pursuant to law or other legislative enactment directing the payment of goods and services out of government funds under specific conditions or for specified purposes. Government annually prepares and legislates a General Appropriations Act (GAA). There are also automatic appropriations which are covered by special laws and need not be included in the GAA to be authorized.

## Public Disclosure of Corporate Procurement Contract Awards

**Date:** May 29, 2013 - 15:01  
**Sponsor:** Managing Director (MDA)

In keeping with the World Bank Group's commitment to accountability, openness, and access to information, senior management has decided that the Bank Group will disclose information about Corporate Procurement contract awards. This includes World Bank Group executed operational contracts funded by internal budgets and trust funds.

Beginning on July 1, 2013, General Services' Corporate Procurement Division will disclose awards for contracts valued at US\$250,000 and above. These will be posted on our external websites on a quarterly basis. Information regarding awards that may pose risks to the safety and security of Bank Group staff and information systems will not be disclosed.

This policy is applicable across the Bank Group. Please see the [new Corporate Procurement Policy on Disclosure of Contract Awards](#) which provides details on roles and responsibilities and incorporates specific instructions for managers on disclosure of contract awards. For more information, staff should contact their CAO (WB), their Resource Management Team Lead (MIGA), or their Regional Finance Controller/Internal Controls Unit (IFC).

Transparency is a key element of good governance. While this policy relates to our own Corporate Procurement, the Bank is also working to promote Open Contracting at the country level.

We appreciate your support in implementing this new policy.

Caroline Anstey  
Managing Director

**For Information:** Bryan Clifford Cook

### About This Map

This map is being developed by Mapping for Change on behalf of CIVA to enable waterways stakeholders to develop a shared vision for the future of the waterways. The Waterways Project @ CIVA offers civil society, as well as relevant public and private sector stakeholders an opportunity to contribute to the development of a shared vision for the future of the waterways. It has since done further work to develop its thinking on how the new arrangements put the waterways on a sustainable financial footing whilst maximising their benefits.

# The Building Blocks ...
